D.O.A.-bloodied but unbowed

this is an artifact of hardcore history
but doesn't excite me because when i got
into hardcore it was after the peak of
x this band so it sounds generic to me
but they were one of the major influences
of todays hardcore scene or actually one
of the bands to define it. Worth it if you
dont have anything to listen to by then.

this is a compilation of past releases on SST. If you dont have all of the past releases from them then this is worth getting, it's a full length lp and theyre selling it for \$3 or h, im not sure.

black flag - my war

quite frankly i dont like this
that much its just a disappointment.
first off it misses the rough bass sound
of chuck and sounds tooooo slick/production
wise. Nothing really stands out. Maybe
the other 2 releases they're doing this
year will be better SST records p.s.b one

DEMOCRACY??

"Last Sunday, in El Salvador, more than 70 percent of the people voted in the midst of a war, some at risk of their lives." SENATOR DAVID BOLEA

NOTE: 30% DEFIED THE GOVT
AND DID NOT VOTE.

Voting was mandatory. Any person, age 18 or older, who failed to vote faced a fine of as much as \$20 — no little sum in a country where the average annual income is about \$476. Moreover, failing to vote held the possibility of consequences beyond that fine. Salvadoran citizens must carry identity papers. The papers of those voting were stamped, thus marking those who did not vote Sunday. Failing to vote meant that everytime security forces inspect the unstamped identity papers, everytime employment is sought, that failure would be noted.

AMERICAN LEGION 25th

The gofers were cool as shit. Fast rough teen punk. Brown 20 was cool with veterans bill and kent from no direction, their first real gig. They'll probably become great with practice. Defenestration was good. Their singer was dressed in semi drag for the occasion. Im not saying anything about diet of worms becuz jason will get rissed. N.O.T.A. finally got some new sounds. great as usual. DRI was tight and intense as could be imagined. They blocked their songs together in Husker Du ultra core style. My fav song was who am I? D.R.I

BLACK FLAG Flaming Lips B25 dow
march 27 tues fairgrounds

Why couldn't black flag play on a weekend?
sorry to those people who couldn't stay
late enough, you could of got your money
partially funded if you would of asked.
nig-heisst and the meat puppets didn't
make it due to fucked up vans and black
flag was late for the same reason. we
played and ~~watxw~~ we did all right we
had alot of people watching but a few who
cared. Where in the fuck are you people
for White Cross ? Crucifix? Mortal Micronatz
Lots of these bands are just as good as
Black Flag or better and demand less of a
guarentee. after us some drunk stupid guys
used our equipment (why, i dont know) and
did a drunken version of wild thing. the
lips played on short notice as a filler band.
they were allright but werent prepared.
Brown 25 played on short notice and borrowed
equipment. Loose but memorable. Rusty showed
his dick for a buck. Its real small and has
green pus dripping out of it. after an hour
of bullshitting and sitting around, Black
Flag shows up at midnight. They start a
quarter to one. t hose kids who werent brave
enough to face parents got fucked over.
Black flag ~~plax~~ plays an ~~alright~~ alighty
disappointing set, mostly stuff off the
new IP, nothing off Damaged but they
played jealous again and another song
i cant think of at the moment off of
older stuff. As a last note i want to
say a big fuck you to the jock in the
green shirt cuz youre an asshole pushing
people around and shit, stick to def leppard
and a big fuck you to those people who
fucked with the Indian lady, cuz she has
just as much of a right to enjoy black flag
you do. There is rules for keeping people
off the stage at loyd noble and the myriad.
you act like those concert security guards.
band is equal to audience, remember. i'm real
tired like shit cuz i got home at 2:15
last night and i feel like a sack of shit
have pity.

RATTUS

this tape is a nice compilation of this bands material. Rattus can go from thrash to powerful raw sounds, from funny punk to some really good political songs. it comes with some of the lyrics translated, a great help to us who cant speak Finnish and give a fuck about what someone else is trying to say. PCT pot 16205 sandiego ca 92116 \$4.5

Pat Me-tape v/a

a garage quality compilation. The bands i liked were Corrupted service (jazzing and jarring) and a few others. the sound quality gets to the point that it makes them all start sounding the same. maybe-PCT \$4.50

Subhumans (U.K.), N.D.C. sat april 11
on broadway, san francisco californie

"Last night i went to go see the Subhumans (from england). they were great. They have a lot more intensity on stage than on record. MC opened up but they sucked bad. they only played about 6 or 7 songs. they had a new drummer that kept fucking up. they were not very tight."

lity of having a free ride to juvenile detention several people did come and showed the cops that they would have to fuck with a few people. i just want to demonstrate the point that we must unite against authority and running away in fear is exactly what they want you to do. your words mean absolutely nothing when your actions prove different.

J-Pat of the GOMERS

here is a through the mail interview with J-pat of the Gomers. He has been through some shit with his parents. They will have a tape out soon.

WHY DID YOUR PARENTS FREAK OUT? my mom went to the show and didn't like the slamming or the "look" of some of the people. my parents told me this was building up but they never told me about it. the one im really pissed off at is my dad. he didnt and still doesnt know anything about me or punk. he has judged me and my friends without knowing any of us. he is an asshole

WHAT STEPS HAVE THEY TAKEN TO REPROGRAM YOU? it started with the burning of all albums, t-shirts, shoes and boots magazines and songs. actually anything considered punk. they took my phone out and hang upon anyone that calls my house. they also let me drive very little. they really cleaned me out.

J.PAT CASEY
3140 E. 47th St
Tulsa, OK 74105

IS THIS GOING TO EFFECT YOUR ATTITUDE? it has in the point that i resist them more and wish they would die. i still believe in what i did before and im writing more songs.

ARE YOU GOING TO CONFORM? NO

TELL OUR READERS ABOUT THE FORMATION OF THE GOMERS- it all started when alphie, alan, and i wanted to form a band, this fell through when alan couldnt afford a guitar and alphie formed "on edge". alphie gave me davids number and he was interested. now all we needed was a drummer. i talked to sean at school and he wanted to try it. so, we all got together at my house and worked out "day of". from there on it was about a month or two before our first show in norman in february (D.R.I.) the band started in january and the original lineup ended after the march 4 show at gestalt.

WHY DID THE DRUMMER QUIT? this was quite a surprise to me but mark was happy as they didnt get along. sean said he quit because HE DIDNT LIKE THE LOWLIFES WE PLAYED FOR! what an asshole. we now have a new drummer, darrin, and are starting to work again. the present line-up is me on vocals, david on guitar, mark on bass and vocals, and darrin on drums. hopefully we can all be productive for a good summer scene.

ANY POLITICAL PHILOSOPHY? as a band we have no one philosophy. but i believe in anarchy though i think it would be very hard to make it work with all the greedy capitalist assholes in this country.

ARE YOU STRAIT EDGE? i do drink occasionally and get drunk because i didnt see nothing wrong with this. i am very anti-drug because it really fucked me up for a while and i have seen it fuck up peoples minds too much.

WHAT IS YOUR FAVORITE COLOR? this is a stupid question. plaid.
